2024 Mount Moriac Pinot Gris

Our Pinot Gris is from a single block planted on sandier soil which helps produce the lighter citrus based cool climate notes that abound in this wine. A small amount of lees stirring (stirring the solids left over from pressing) has helped soften the wine leaving a long balanced palate.

2024 Mount Moriac Chardonnay

This is alluring cool-climate Chardonnay with vibrant citrus, subtle oak spice and a soft, creamy mouthfeel from 10 months in French oak. Elegant and balanced, showcasing finesse, freshness, and beautifully integrated texture.

2024 Mount Moriac Viognier

We have not produced a straight viognier from our 20 year old vines before & we are thrilled with the outcome. We have tried to show this wine as a direct expression of the vineyard, the characters of orange blossom and apricot come through and the balance of fruit characters across the palate are finished with a crisp, dry finish.
